

The Town of Osler keeps record of the serial numbers of the waste and recycle carts at each home within the town. On occasion, bins get mixed up or switched. To ensure our records are accurate, we are asking residents to record the serial numbers of their bins and return to the town office. Alternatively, you may phone (306-239-2155) or email (lorie@townofosler.com) your numbers. We thank you for your co-operation.
